

HIGH PERFORMANCE ADDITIONAL DURABILITY

High Performance Power Tools from Black & Decker...

KD750KC SDS+ Pneumatic Corded Drill

The fastest concrete drill in its class

The High performance SDS Hammer Drill from Black&Decker has all the power you need to make light work of concrete. With 2.7Joules of impact energy and 0-1050 rpm delivering 5200 bmp (beats per min), no job is too tough.

Removing old tiles? No problem, simply switch to chisel mode. Additional durability comes as standard for those demanding DIY tasks.

K2200K Heatgun

Robust and Powerful for tackling the hardest paint removal tasks

The Powerful 2000W, 2 speed heat gun with variable heat control gives you maximum control in all heat gun applications from removing tough coats of paint & varnish to drying new coats of filler. Designed with a superior overmold for comfort, the tool can even stand upright on it's built in stand when you are in between tasks.

No need to buy extra accessories, we've added eight accessories to ensure you have everything at hand.

KG750/1 Small Angle Grinder

Designed for comfort and durability for tough DIY tasks

Our 115 and 125mm grinders have been designed with you in mind. The slim body and three position side handle allows you to have complete comfort and control when using the tool for long periods.

As well as design focused we have added a 750W powerful motor with high grade copper which provides the performance you need for challenging DIY tasks. Plus a high quality die cast aluminum housing for total durability.

HPL106K Cordless Drill Driver

Compact, lightweight and gets in the tightest areas of your home

This handy drill driver has been designed as part of our 10.8V Lithium range. Compact but highly durable to help with fitting kitchens, bathroom or working outside.

The powerful Johnson Series 6 motor and metal gears give you that additional durability for toughest DIY tasks. Plus a 1.3ah battery and charger that gives you full charge within 30 minutes.

RSP1050K Reciprocating Saw

Our fastest reciprocating saw to demolish with ease and control

This reciprocating saw cuts at 0-3500 spm (strokes per min) and has a pendulum action so you can cut faster to get the job done. Not only is it fast but it also has a secondary handle for complete control and enhanced comfort using an internal counterweight to reduce vibration.

Changing blades has never been easier with our Twistlok® blade changing system located on the outside of the housing for perfect access and visibility.

HPL10IMK Cordless Impact Driver

Tightens and loosens nuts, bolts and screws in seconds

The must have tool in your garage, this handy compact impact driver is part of the 10.8V lithium range.

It makes light work of loosening larger bolts and nuts that are rusty or over-torqued. Performs where powered screwdrivers cannot. Plus a 1.3ah battery and charger that gives you full charge within 30 minutes.

KW750K Planer

Giving you a superior finish with our most accurate and versatile planer

Our planer has been designed for a 2mm Depth of cut, with a 12 Position dial at increments of 0.2mm, along with a rebate depth to 12mm, you will have accuracy and control over every cut.

For a perfect and smooth finish every time we have added two, high quality reversible TCT blades, along with a park rest to protect your materials when not in use.

Performance is our No.1 priority & for additional versatility our planer can be used in any direction, with flexible left or right dust extraction.

HPL10RSK Cordless Reciprocating Saw

Compact, cordless and fast for where ever you need to do your DIY

This portable saw is part of the lithium 10.8V range its clever three positioned pivoting handle allows un-beatable access in tight awkward areas around your home, garden and worksite.

We have added a material clamp design which reduces blade vibration and allows for easy one handed cutting. Plus a 1.3ah battery and charger that gives you full charge within 30 minutes.

Demanding DIY tasks need tough tools. The new Black&Decker power tools provide additional durability when it's really needed.

Thinking of undertaking a new DIY project, a bathroom, a kitchen or a house renovation perhaps? Take a look at the new Black&Decker high performance power tools that deliver additional durability when you need it.
